

Claim sooner on some pre-existing conditions.

**Reduce your clients' stand-down period
and get a 10% lifetime discount with
nib's Easy Health offer.***

At nib, we are always looking for ways to help our members take control of their health. That's why we're excited to announce that we've extended our Easy Health offer until 31 October.* It's a fantastic opportunity to help your clients achieve their health goals sooner.

With this Easy Health offer, they can reduce their stand-down period on a number of pre-existing conditions and be covered in two years instead of three.* Plus they can get a 10% lifetime discount on their premium if all applicants are under the age of 60 at the time they take out cover.*

Applying is quick and easy, with no up-front collection or assessment of your client's medical history. And with the non-PHARMAC Plus option, they can enjoy comprehensive health cover.

But hurry – this offer must end on 31 October. If this sounds like something your clients could be interested in – talk to them about nib's Easy Health today.

*Offer only available to new customers and is only accessible through nibAPPLY. Terms and conditions, eligibility criteria and exclusions apply. Some pre-existing conditions are never covered on Easy Health. Offer ends 31 Oct '23. Please see nibadviser.co.nz for details. The quoted premium on nibAPPLY does not automatically include the 10% discount, your eligible client will receive confirmation of the discounted premium on their Acceptance Certificate.
